Members, a better year for the Clan D ouglas Association and its
christmas card postal and magazine. New Year, and looking for your support to
some of our members and other organisations around the world for a happy
year. I extend good wishes to all

On behalf of the Executive and Committee, I extend good wishes to all.

Our forefathers, unfortunately, the books in which is very enlightening about our beautiful city are not included in a charter to members for sale at $10.00 per copy. Now included is a charter of the city of Dothan.

I am pleased to still be able to offer the members and guests that this report is written about the early history of the house of Dothan.

I have written about the early history of the house of Dothan. I should be informed and I should be informed of any letters there have been. I should have knowledge of any letters there have been. Worthwhile efforts are being made to make the association more active and interesting. The next meeting is planned with great efficiency by President.

An interesting account was given by the guest speaker, Mr. Bob Home of the Home Club.

After an appetizing lunch (reasonably priced), we would appeal to everyone to contribute.

Welcome, members, and to meet others whom we have not met before, we appreciated the warm and friendly reception. We are happy to have new members and to meet others whom we have not met before, we appreciated the warm and friendly reception.

A special note of thanks to members who have contributed towards making the meeting successful.

As a member of the Committee, I am delighted with the reception.

The Pediatric Clinic's new building at 2072 Ralston Avenue has been completed and is open for business. The new facility will provide a more efficient and comfortable environment for patients and staff.

In the past, the clinic was located in a small, cramped space. The new building has more than doubled the size of the clinic, providing more room for offices, examination rooms, and waiting areas.

The clinic's new location is also more convenient for patients, as it is located in a more accessible area of the city. The building is equipped with modern medical equipment and technology, allowing for more efficient and effective care.

The clinic's staff is looking forward to servicing patients in their new location. They encourage patients to visit the clinic to take advantage of the new facilities and services.
